02 Do you support citywide rezoning?

✓ Yes

No

03 Based on your experience, rank these issues based on importance to your voters.

- 1 Public safety
- 2 Roads
- 3 Affordability
- 4 Housing
- 5 Better public transit
- 6 Infrastructure
- 7 Property taxes
- 8 Parks and open spaces
- 9 City hall transparency
- 10 Citywide rezoning

04 Do you support the use of property tax dollars for the downtown office-to-residential conversions? Why or why not?

Yes, with guardrails. Conversions should deliver real homes near jobs, cut vacancy, and lift street safety. City dollars must be targeted, time-limited, and tied to affordability, energy upgrades, and public-realm improvements—then publish results quarterly. If targets aren't met, pause funding.

05 Do you believe the City of Calgary has a climate plan that will cost \$87 billion in city tax dollars to implement?

Yes

✓ No

06 When was the last time you participated in a city council meeting in person?

January 23, 2017

07

What role should the City of Calgary play in dealing with mental health and addiction?

Lead a health-first, safety-focused partnership: fund community-based prevention, coordinate outreach with police and transit peace officers, expand crisis teams, and build warm referrals through libraries and 311. Measure wait times and outcomes, publish them, and scale what works.

08

When you are making promises at the doors, are you informing voters on where the money will come from or what you will cut to make it happen?

✓ Yes.

No.

09

Statement: The City of Calgary should continue building new communities on its outer fringe. Agree or disagree and why?

Disagree. We must finish and service approved areas and add homes where services exist, while focusing most growth along transit and main streets. Growth must pay its way—pipes, roads, parks, and school impacts planned up front.

Choose the option that best represents your position on property taxes.

✓ Increase by population growth + inflation.

Property tax cut.

Increase by inflation only.

Fluctuate year to year based on needs.

No clue.

12

What's the best alignment option for the downtown portion of Calgary's Green Line?

Elevated line.

✓ Below ground.

Whatever way the province will fund.

No downtown Green Line

13

What role should the City of Calgary play, if any, in ensuring there is adequate, affordable starter housing stock, or rentals available for young Calgarians?

Enable and deliver. Fast-track suites/rowhomes near transit, partner with non-profits on City land, and run a one-window eviction-prevention pathway (rent bank + mediation + outreach). Cut monthly bills with home retrofit programs and fair utility rates.

15

What would you do to improve the City of Calgary's public engagement?

Start earlier, explain plainly, and close the loop. Use one-page summaries, mailers, and ward email/text lists. Post "What we heard / What we did" for every major file with timelines, costs, and options. Pilot citizen panels for big decisions. Add an online dashboard and a 311 tag so residents can track their issue.
